PROFESSIONAL SUMMARY

I have a solid 2+ years of experience as a React Native Developer with a firm grip on developing iOS and android applications. In my working period, I have done many projects as a detail-oriented, organized and meticulous employee. Complex problem-solver with an analytical and driven mindset. I am dedicated to achieving demanding development objectives according to tight schedules while producing impeccable code.

WORK HISTORY

React Native Developer - December, 2021 to Present

Develo IT Solutions - Islamabadi, Islamabad Capital Territory

- Collaborated with project managers to select ambitious, but realistic coding milestones on pre-release software project development.
- Planned and developed interfaces that simplified overall management and offered ease of use.
- Developed software for both desktop and mobile operating systems.
- Gathered and defined customer requirements to develop precise specifications for project plans.
- Updated existing software and firmware as soon as the vendor released it to reduce risks.
- Created databases, web forms, and file systems to meet various needs.

PROJECTS COMPLETED:

Project night out (social App) , Magic progress (Health Care)
Guild loop (Gift card App), StreakinTV (Social App)
